

Workshop on Disaster Management

**Experience of the CBCA in the
East of the DR-Congo**

Douala, October 2023

Presentation of the East of Congo: the most affected region

CBCA in
the DRC:
13 / 26
provinces.

the part of the East of Congo where CBCA works the most in humanitarian sector

Images the East of
Congo refer to

1. Wars
and civil
conflicts:
see camp of
M23 war IDPs
in Bulengo

war and conflicts

- 1) 1993: interethnic conflicts in Masisi
- 2) 1994: Rwandese genocide
- 3) 1996: war of the AFDL (alliance of democratic forces for the liberation of Congo)
- 4) 1998: Congolese rally for democracy (armed movement);
- 5) 2004: the war Jules Mutebusi);
- 7) November 2012; 2014 and 2021 until now: M23 crisis.
- 8) may 2021: volcanoe eruptotion in Nyiragongo territory.

2. volcano
eruption
mostly
Nyiragongo:
2002 and 2021
and
Nyamulagira
(each year)

3. Landslide as effect of Climate: Case of Kibiriga (2008) and Bushushu (the most divastating disaster never seen in the region (May 4th, 2023)).

water flood from high hills in the rivers Nyamukubi, Chishova and Lukungula

- ❖ 672 people died and more than 5000 missing (disappeared in water, mud, sand and stones);
- ❖ 3211 homeless families;
- ❖ community infrastructures (schools, churches, bridges, ...destroyed,
- ❖ animals, crops and other individuals' assets lost in the violent water.
- ❖ Extreme poverty: displacement of people, trauma, survival sex, ...

section2: Effects of disasters on human beings and their assets

DEMOCRATIC REPUBLIC OF CONGO

Section3: response of the CBCA

In coordination with the humanitarian agencies and local organisations

1. Health care and equipment
2. Protection of Women and children
3. water supply
4. Education

Presence of a health station in the camp of Bulengo/CBCA

Health:
equipping
Nyamukubi
HC with
new
mattress

A sample of
medical
materials to
Bushushu and
Nyamukubi

Children
protection:
games, food,
clothing when
possible, group
psychotherapy..

-

creating joy to children (Hand-Up Congo assistance)

Clothes collected from Goma and distributed to Nyamukubi and Bushushu/during the landslide (304 beneficiaries).

UEM assistance: Women receiving new clothes after the disaster

section 4:
CONCLUSION

CHALLENGES and PROSPECTIVES

MAIN CHALLENGES

1. a long period of crisis
 2. few financial supports
 3. needs not addressed (shelter, water, food, ...)
 4. promiscuity
- 

possible response

1. advocacy for peace and even sustainable peace;
2. improving the current assistance : respecting the standards;
3. granting the Climate change mitigation projects;
4. supporting development projects in the returning regions;
5. a special programme for women and children protection (prevention of GBV and Education).

THANK YOU!

MERCI BEAUCOUP!
